FP15-PM

15-inch Panel Mount Display

iKey's line of high-quality, compact TFT flat panel displays are ideal solutions for industrial computing environments. Our flat panel displays can be easily integrated into new or existing systems. The new FP15-PM features 350 nits of brightness and a stainless steel front bezel. It is rated NEMA 4X, making the unit a durable solution that resists corrosion, dust, water and ice. Menu items such as brightness and contrast are easily accessed on the back of the display.
